

PARKING LOT & ROAD SAFETY

SIGN BASE MOVER CART

No need to add wheels to your sign base to make it portable (and add expense) - purchase RubberForm's Sign Base Mover! Buy one Sign Base Mover to locate your sign bases to various locations. Our wheels will not rust as they are made with hard plastic right here in the USA. RubberForm developed a sign base cart that is easy to use, just slip under the RubberForm Sign Base and put your foot on the bottom of the cart to easily tip it back and roll. You can even move into a new position with just one arm! Roll your sign base into position with our Sign Base Mover Cart at crosswalks, high traffic locations, temporary locations, etc.

FEATURES

- Makes moving Sign Bases easy and quick
- Move into crosswalks and high-traffic locations for temporary use
- Move 72-lb Sign Base with one arm
- Made in America

SPECIFICATIONS

- 18" x 9" with 2 wheels
